FRIDAY, JUNE 2, 2006

1:30 PM

Andy MacPhillimy, AIA
Morris Architects

Andy MacPhillimy, AIA, LEED, A.P., a Principal of Morris Architects and Director of the firm's Education Studio, received a Master of Architecture and a Bachelor of Science in Electrical Engineering from Rice University. In 26 years at Morris Architects he has worked on a broad variety of projects including medical, hotel, convention centers, office buildings, detention facilities and an aquarium. Recent focus has been in higher education including work on the Houston Baptist University Cultural Arts Center and the Jones Graduate School of Management at Rice University. He is the Project Director for A/E Services for the University of Houston's M.D. Anderson Library renovation and expansion. One of the first LEED AP at Morris, he is a strong proponent of sustainable practices and design. He is the Director of Technology for Morris overseeing the implementation of best practices, the use of technology and the firm's professional development program for the continual improvement and efficiency in the delivery of the firm's services.
