

No. 4 – Site Alternatives Study

City of Houston

Due March 10, Friday – 10am – Note:

You have now developed a basic program and a site analysis of the project areas. The next step is to address the recent issue of the Gus Wortham Golf Course, viewed as a negative site for the training facilities and youth fields.

Your next assignment is to identify any alternate sites that could address the reduced program sent to us by Central Houston, Inc. The program allows for a reduction as follows:

- 1) Elimination of Land Swap for private development portion of initial program*
- 2) Must have 10 soccer fields.*
- 3) Determine need for reducing baseball fields based on site, leaving as many as possible.*

WHAT YOU WILL TURN IN:

Develop in an 11x17 format (that can also be posted in pdf to your team folder), your analysis of the site as discussed above and your proposals for alternate site possibilities of the park. You will present in an electronic format as well as physical graphics displayed with open use of no more than 44"x68" inches of space or 16 – 11x17 sheets. Post all work to the team folder by deadline.

FINAL DUE DATE: FRIDAY, March 9, 10AM
